

Tournament Manager

1. Features

- Add and remove players
- swiss system (javafo)
- round-robin
- manual pairing
- tiebreaks¹
- rounds up to 127
- prints (not for every page)
- only results approved by FIDE²
- FIDE rating changes
- polish rating and titles
- withdrawal of a player (round or tournament)
- halfbye support
- FIDE register form
- FIDE (Krauze) raport
- start list sorting³
- schedule (for FIDE raport)
- multitournament/groups support (more than one tournament open at a time)
- import files trf, pgn and swsx (chessarbiter file)

2. Creating new tournament

Standard

After launch, an empty tournament is automatically created.

If you have already created a tournament and want to create another one, you must first save the old one (if it has already been saved, it will happen automatically, otherwise you will see a filechooser to save the file on creating new tournament).

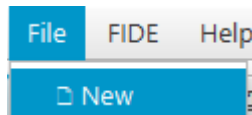

To create new tournament you can

1 Points, duel, wins, games with black, wins with black, bucholz, bucholz cut1, sonnen-berger, progress, koya, rating performance (FIDE and Polish chess association), average rating (FIDE and local)

2 Empty, 1-0, 0.5-0.5, 0-1, +--, --+, 0-0, 0.5-0, 0-0.5

3 By title, fide rating, local rating, sex, club, federation, date of birth, alphabetic, random

- File > New

- icon  on the toolbar
- pressing CTRL + N

Test

To create test tournament after creating standard tournament click  (Home > basic info)

test swiss tournaments are created by javafo (are not necessarily correct)

test round-robin tournaments have default 1 repeat

3. Tournament descriptive data

You can set descriptive data in Home > Basic info

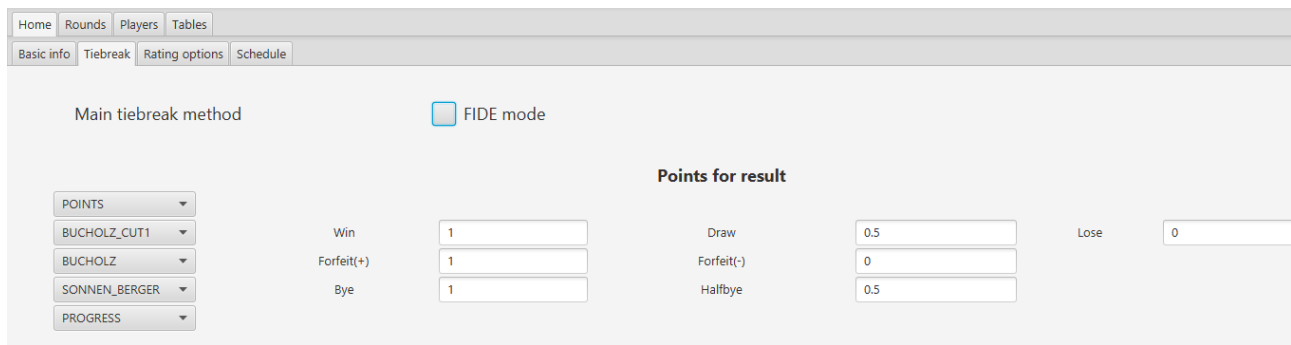

Notices

- game time and increment must be between⁴ 0 and 32_767
- control move and control addition must be between 0 and 127
- round must be between 0 and 127
- First round color does not affect round-robin

5. Rating options

Home > Rating options

The screenshot shows the 'Rating options' tab in a web application. At the top, there are navigation tabs: Home, Rounds, Players, Tables, Basic info, Tiebreak, Rating options (selected), and Schedule. Below the tabs, the 'Fide init rating' section contains two input fields: 'Min. no. of games' with the value '5' and 'Rating floor' with the value '1000'. The 'PZSzach categories (rules 2023)' section has four checkboxes, all of which are checked: '4.3 (less game than in table)', '4.4 (disregard knockdown games)', '4.6 (count all game in round-robin)', and '4.7 (central categories in 5-8 round tournament)'. To the right of these checkboxes is a 'Categories up to' dropdown menu currently set to 'M'. The 'FIDE titles' section has a checked checkbox for '2 other federations' and a 'Min. no. of games' input field with the value '9'.

Fide init rating

Minimum number of games and minimum rating for FIDE rating

PZSzach (Polish chess association) categories

Define changes in calculating ratings and maximum possible category (default M – national master).

FIDE titles

Minimum number of games and whether the two-confederation rule affects (coming soon)
